

QUIK-SHIELD DRAGON

No Mix Open-Cell Foam

Why QUIK-SHIELD DRAGON?

QUIK-SHIELD DRAGON is an open-cell spray foam insulation that requires no mixing. It is ideal for high-performance and air barrier insulation applications in residential (IRC) and commercial (IBC) construction. QUIK-SHIELD DRAGON is free of emissive catalysts and has excellent adhesion. This is a true no mix product, achieving optimal performance without mixing prior or during application, making it quick and seamless to dial-in.

PRODUCT FEATURES

- ◆ True No Mix
- ◆ 0.5 lb/ft³ Density
- ◆ R-Value 3.9 at 1"
- ◆ R-Value 3.7/inch at ≥ 3.5 "
- ◆ GREENGUARD® Gold Certified
- ◆ Excellent Adhesion
- ◆ Consistent Application
- ◆ Free of Emissive Catalysts

Manufactured in the United States by an ISO 9001:2015 certified facility.

WHY SWD?

SWD is focused on creating and delivering the highest quality, innovative products for spray foam contractors. Our products are all formulated for contractors, and we take your feedback seriously. We also strive to create products that are environmentally responsible. SWD has been producing high-performance insulations that have contributed to a greener environment since 1972. Our foam improves home energy efficiency, contributing to as much as a 40% improvement in heating and cooling costs, a pivotal component to significant CO₂ (Carbon Dioxide) reductions, one of the most critical greenhouse gases linked to global warming. Additionally, SWD's production of high-performance insulations with high recycled content, such as that from PET plastic bottles, all align with our rigorous corporate sustainability policies as a responsible producer.
