

**SWD****QUIK-SHIELD®**

HYDRA XL

THE NEXT EVOLUTION OF HFO PERFORMANCE

High- yield 1.8 pcf closed-cell**Sprays like Quik-Shield® 118**

Overview

Hydra XL brings back the spray behavior contractors preferred from legacy HFC systems – now with modern HFO chemistry and higher yield. Built using the latest raw-material innovations, Hydra XL delivers a faster front end, balanced rise profile, and predictable passes similar to Quik-Shield 118 – without sacrificing today's environmental requirements. More consistency. More coverage. Less adjustment.

Spray foam chemistry continues to evolve.

Hydra XL represents the next step – restoring sprayability that early HFO systems struggled to match.

Instead of adapting your process to the foam, the foam adapts to your workflow.

Hydra XL is designed to feel familiar while performing better.

What Makes Hydra XL Different

Legacy Spray Profile – Modern Chemistry

Balanced rise and smooth laydown similar to trusted HFC systems.

Higher Yield Performance

More coverage per set means improved job efficiency and cost control.

Faster Front End

Cleaner passes with reduced tuning and fewer adjustments.

Predictable Installs

Consistent behavior across jobsites and conditions.

Market Replacement Technology

Built to replace older generation HFO products.

Performance Highlights

Property	Specification
Formulation	Closed-Cell, High Yield, HFO
Seasonality	All Weather
R-Value	7.5 at 1"
Nominal Density	1.8 pcf @ 2-3" lift
Average Boardfeet	5000 - 5500
Temperature Settings	Summer 105-115°F Winter 125-135°F
Adhesion	3-4 seconds
Max Lift	3" or (2"+2")

The Hydra XL Evolution

Hydra XL restores the spray profile contractors relied on before the blowing-agent change. Built with next-generation chemistry, it brings back balanced rise, smooth passes, and predictable control – with the efficiency of modern HFO technology.

Hydra XL delivers more coverage per set, faster installs, and dependable performance across changing conditions. If you've been waiting for HFO to spray the way it should, Hydra XL was built for exactly that.

Why Contractors Choose SWD

Consistent Quality, Every Time

SWD products are manufactured and tested in-house to the highest standards, so our contractors know exactly what to expect on every job – reliable foam, consistent yield, and dependable results.

Real Support from Real People

The SWD team is always within reach. Contractors trust us because when they call, they reach someone who knows the products, understands the work, and is ready to help.

Smarter Account Management

Our online customer portal gives contractors full control of their accounts – 24/7. They submit and pay for orders, track shipments in real time, and access full order history anytime they need it.

Five Decades of Experience

SWD has been leading the spray foam industry since 1972, and that experience shows in how we serve and support our customers. Our longterm partners know we're in it for the long haul.

Focused on Spray Foam. Always.

Every part of SWD is built around one mission – to make spray foam the standard in building performance. When you partner with SWD, you're not just choosing a supplier – you're investing in the future of spray foam and your place in it.
